Amended – Post General Report

Dear Mr. Whynick:

Thank you for your letter regarding a discrepancy in the column B figures of this report. I have actually re-amended the 12-Day Pre-Primary report where there was an error.

Columns B Figures of the 30 day Post General Report are off by the amount of Contributions that were received by the campaign from the day following the election through the close of the report. These contributions total \$53000.00 and are reflected on page 5 Column C. I have enclosed a hard copy of the page to which I am referring.

The \$5000.00 figure which is also reflected on Page 3 represents the \$2500.00 contributions from El Paso Energy and The Goldman Sachs Group which should be attributed to the Primary Election of 2004 rather than the Primary of 2002.

I have reviewed my records of 48-hour contribution reports and realize that I did not file one for the White's contributions on October 29th. I certainly appreciate the importance of filing these reports in a timely manner and as you can see I was filing on a daily basis. I will implement a system of checks and balances for future elections to prevent this from happening again.

I thank you for bringing these items to my attention and trust that I have responded in a satisfactory manner.

Sincerely,

Diana B. Winters
Treasurer
